

Get Hands-on with HP

Free Trial Delivered to Your Door

Enjoy a 30-Day Risk-Free Trial

Try It. Love It. Keep It. | Exclusive to Area9

Windows 10 reaches End of Life (EOL) on October 14, 2025. After this date, Microsoft will stop providing security updates, bug fixes, and technical support. Continuing to use Windows 10 post-EOL presents a higher security risk, as unpatched vulnerabilities leave systems more susceptible to cyberattacks.

To combat this, Area9 is thrilled to offer you a risk-free way to explore HP's innovative technology through our **HP Demo Program**. This exclusive program lets you test HP devices for 30 days, with no obligation to buy.

Try the HP Device that Best Fits Your Needs

Choose from HP Notebooks, Desktop PCs, Workstations, Monitors, or Peripherals. We'll ship a brand-new unit to you, allowing you a full month to explore its features and performance in real-time.

Get Started Today

Our goal is to make evaluating HP technology straightforward and risk-free, with the flexibility to meet your needs.

Looking forward to helping you experience HP's technology firsthand. Feel free to reach out with any questions!

[SUBMIT YOUR REQUEST HERE](#)

*Approved customers only. Conditions apply.

Here's How It Works

1

Submit a Quick Request

Simply fill out our request form with a brief justification.

2

Approval & Delivery

Once approved, we'll ship your demo device within days.

3

Keep or Return

After 30 days, decide to:

Keep the device at a **50% discount** if you're satisfied, or

We will collect it at **no extra cost, hassle-free.**

Plus, if your purchase exceeds **\$100,000, the demo device is completely free!**
