

# The tablet that can replace your laptop

Surface is designed for people who do more. Surface 3 is light and compact, for when you need an ultra mobile PC. Surface Pro 4 gives you more screen size and power to tackle tough workloads.

Surface 3

Surface Pro 4

## The most versatile devices

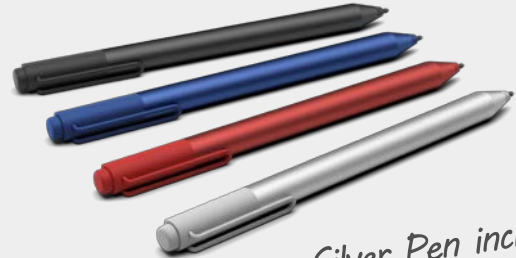

Surface adapts to you – it works in either tablet or laptop mode, and has the ports you need. Work the way you want, wherever you want. You can touch with Surface Pen<sup>1</sup>, type on the Type Cover<sup>2</sup>, mouse, or use your voice. In the conference room or the coffee shop, Surface fits your work style.

## Exceptional performance

Surface devices are built to propel your workday – with the latest Intel® processors, high resolution touch screens, quality Dolby® sound and HD cameras, there is a Surface designed for each person in your organisation.

## Surface Pen writes and erases naturally

As smooth as using your favourite pen, Surface Pen can even markup web pages. And Palm Block technology means you can rest your hand on the screen while you write.

*Silver Pen included with Surface Pro 4*

## Windows 10 enables a powerful, personalised experience

Surface makes your work life easier in incredible new ways. It runs Windows 10 and the desktop software you rely on. Advanced technology from Microsoft, such as Cortana<sup>3</sup>, Windows Hello<sup>4</sup>, and improved Surface Pen, puts you in control.

*Windows Hello – no password required*

*Run Office 365, AutoCAD, QuickBooks, and more<sup>2</sup>*

*Docking Station – click in to power and peripherals<sup>5</sup>!*

*Click Surface Pen to bring up OneNote*

1. Surface Pen is included with Surface Pro 4, sold separately with Surface 3; 2. Sold separately; 3. Cortana is available in selected global markets at launch; experience may vary by region and device; 4. Windows Hello available on Surface Pro 4; 5. Dock designed for Surface Pro 4 only, Surface 3 has its own dock

## Surface Pro 4

Surface Pro 4 is an extremely thin Intel® Core™ laptop with a brilliant high-resolution touch screen, innovative click-in keyboard<sup>2</sup>, excellent battery life, and it is built to run the software you rely on. Also, the multi-position Kickstand and newly designed custom dock<sup>2</sup> give you the versatility you need.

## Surface 3

Surface 3 is the thinnest, most compact Surface with a gorgeous high-resolution touch screen, plenty of Intel processing power, and excellent battery life to get work done. Now available with 4G LTE<sup>6</sup>.

2. Sold separately; 6. 4G LTE available in selected markets; performance may vary. Contact your service provider for details

- Built-in Kickstand
- Full HD Plus touch screen
- Quad-core Intel® Atom™ x7 processor
- Up to 4GB RAM
- Available with 4G LTE<sup>6</sup>

## Trusted by organisations

Surface smoothly folds into your existing infrastructure and Windows 10 helps protect against modern security threats. IT can set up Surface like other PCs, by joining it to a domain, and managing it using tools already in place like Active Directory, SCCM and Air Watch.

## Backed by the best

Protect your Surface investment with Microsoft Complete for Business which extends your warranty, covers damage and includes Advanced Exchange.

## ➔ Get productive with Surface
