

Area9 Sponsors the Lord's Taverners Charity Golf Day 2012

With social responsibility being the hallmark of its corporate character, Darwin IT company Area9 was proud to sponsor the Lord's Taverners Charity Golf Day 2012.

The Lord's Taverners NT supports the community by raising money through membership subscription, sponsorship, fund raising activities and donations. Its financial disbursement program undertakes provision of sporting facilities, equipment and opportunities for underprivileged and/or disadvantaged young people.

A charity golf day was held on Friday 4 May 2012 at the Darwin Golf Club. The Lord's Taverners National Secretary and NT President, Michael Martin OAM, was the MC for the day and kept guests informed and entertained after their enjoyable afternoon of golf.

Area9 congratulates the Lord's Taverners on raising over \$7500 at this event and is delighted to have sponsored such a worthy organisation in the NT.
